

JUNE 2010 NEWSLETTER

Message from our Commodore - David Teets

Did you miss the ballgame in May?? B-Dock's function was really a lot of fun, and their "Take Me out to the Ballgame" theme was quite appropriate for Spring!! If you didn't win anything at their 50/50, I am surprised!! They worked hard to have a lot of prizes and many folks were winners!

So, what about the May cruise to Tall Timbers?? Were you able to make that cruise?? Those that went had a great time and saw a couple of great bands, and the famous Tall Timbers boat-burning went off as planned.

If you are missing the events that we are putting together for you, then you should jump in and get involved. In July there is a cruise to Solomons Island, and of course the June monthly event is sponsored by C-Dock. It is a country theme, and with all the games and activities that they are planning, I wouldn't want to miss this one!!

In August, in addition to the monthly event, sponsored by A-Dock, there is the cruise to Point Lookout. This cruise is on the same weekend as the Point Lookout Bluegrass Festival, so be sure to sign up for this exciting event. Our cruise director, George Utt needs to make early slip reservations, so be sure to sign up early!

July 4th is coming up, and it is a three-day weekend, so we at Lodge Creek Yacht Club plan on "kicking it up a notch"! Start getting your decorations together, as there will be a boat decorating contest (with prizes), a boat parade, ice cream social, games and activities for everyone. So, make plans for coming to the boat for the three-day holiday!! We are working on some other "special" things and we will let you know the details as soon as we can get them worked out.

See ya at the Rivah!
Commodore Dave

DOCK NOTES

[Boating Law Change Affects Lodge Creek Yacht Club](#)

Effective 4/15/10 the State of Maryland created a new life jacket law and it affects all of us that boat on the Potomac River. Most of you are aware that once you head into the Potomac River, you are in Maryland waters, so their laws are of concern to us, even though our boats are registered in Virginia. Effective immediately, any child under the age of 13 is required to wear a personal flotation device (PFD) while aboard a vessel that is underway. For additional information regarding boating laws and the changes for us in Virginia, please read the comprehensive 2010 Virginia Legislative Update,

presented by George Bruner, in this issue.

**2010 Virginia Legislative Update
By George Bruner, Legislative Officer**

The 2010 session is over. Following are the results of boating related Bills:

PASSED

SB 289 established lifetime hunting and fishing licenses for children under 2 years old.

SB 668 established an additional \$10 fee for saltwater recreational fishing licenses to comply with national regulations effective July 1, 2010. A \$30 fee is available for boats and occupants. Catch reports will be required.

FAILED

SB 688 expanded DUI crimes for motor vehicles and operation of watercraft.

SB 217 allowing localities to establish annual fees on boats.

HB 802 allowing a one-time registration fee for antique boats.

HB 74 approving anyone who once possessed (not currently) an USCG operator's license to in compliance with mandatory education laws.

HB287 establishing a marina fund to go to the Department of Health for marina sanitation administrative expenses.

HB 168 and SB 93 required youths 12 years old and under to wear a PFD on all size boats on any public waters.

HB 1029 required special fishing licenses for species designated by the state.

Bill details are available on <http://leg1.state.va.us>

Maryland passed, effective immediately, SB 92 raising the PFD requirement for youths 6 years and under to 12 years and under on boats less than 21 feet in length. This includes Virginia boats in the Potomac River and Maryland section of the Chesapeake Bay. The bill also placed supervisory restrictions on youths 16 years and under operating a boat 11 feet and under.

Legislation passed last year allows a no-discharge designation in Virginia creeks. Broad Creek, Jackson Creek, Lodge Creek, and others are on the list.
